Grace, mercy, and peace to you from God our Father and the Lord and Savior, Jesus Christ. Amen.

This morning, we are taking another look at some of the parables found in Matthew chapter 13. These are Kingdom parables only found in Matthew's Gospel. They record for us three parables that were shared by Jesus to His disciples, concerning the value of the Kingdom that He was bringing about. Which makes you wonder if the disciples really understood the value of the Kingdom of God. Most likely, many people at that time, just like in our world today, placed value on things like comfort, security, and wealth. And they might've invested and saved for a long time, with the hopes that their savings and investments might provide for them in the end.

Take for instance the retired Air Force veteran who decided to see how much his watch was worth. While stationed in Thailand in 1974, he ordered a watch through the base exchange. At the time, he thought that the watch, which was made for scuba diving, seemed to be a lot of money, because he only made between \$300 - \$400 per month, and it was priced at \$345.97. After receiving the watch in the mail, and

after years of not wearing it and keeping it in the original box, the man decided to appear on PBS's "Antique Roadshow" in January of this year. He wanted to see how much his watch might be worth. And so, after the appraiser looked at the "Rolex" watch with its receipt, the man was told that his investment of \$345.97, was guaranteed to become \$500 - \$700 thousand dollars at auction. The man was so overwhelmed with joy, that he fell to the ground.

In our first parable, the parable of the hidden treasure, Jesus shares that the Kingdom of Heaven is like a man who finds hidden treasure in a field. The man then covers it up and, in his joy, goes and sells all that he has in order to buy the field and possess it. And in the second parable, Jesus shares that the Kingdom of Heaven is like a merchant who is looking for pearls. And when he finds a pearl of great value, he then went and sold all that he had and bought it.

In both of these parables, we come to understand that the joy and the value of the Kingdom of Heaven is worth more than all that we have. And still today, many do not have the same kind of joy or place the same value on the Kingdom of Heaven as that of a "Rolex watch" from 1974. We've only been given a glimpse of the Kingdom and while we might say that our family and friends are priceless, many of us still

aren't motivated to give everything we have in order to possess it.

Thanks be to God that not only does Jesus share with us what the Kingdom of Heaven is like, but also helps us to understand its value. And even though we don't give everything we have so that we might possess it, He does for us. Giving all that He has, He willingly gave His very life for us on the cross so that having been raised from the dead, we might receive something far more valuable than anything this world has to offer. Not only does He offer forgiveness for all our selfish sins, but also forgiveness for all the times in our lives when we have been apathetic toward His Word and His Kingdom.

He alone makes it possible for us to be restored once again so that it might be possible one day for us to enjoy the fullness of the Kingdom of Heaven. It's by means of His grace, that we're baptized by faith, in which we receive His Spirit. And it is His Spirit, who encourages us to read His Word, remember our baptism and repent of our sins so that we might greatly value His Kingdom and joyously look forward to its coming.

You know, there is one more parable in our Gospel reading for today. That of the parable of the net in which Jesus shares that the Kingdom of Heaven is like a fishing net thrown into the sea and gathers all kinds of

fish. It is when the Kingdom will come with its final judgment at the end of this age. Either knowingly and/or unknowing we pray for this every time we say the words, "Come Lord Jesus."

It will be a time when the angels come and separate the evil from the righteous. A time when those who are found to be good will be saved, and will live in God's presence, experiencing the comfort, security, and the fullness of joy, that comes with His Kingdom. When that time comes, may each one of us, be found among the good ones, our sins forgiven, going about the work of His Kingdom here on earth, sharing the Good News with those around us, as we wait with eager expectation to experience the fullness of His Kingdom in Heaven.

In Jesus' name. Amen.

Most likely, many people at that time, just like in our world today, placed value on things like comfort, security, and wealth. And they might've invested and saved for a long time, with the hopes that their savings and investments might provide for them in the end.

Take for instance the retired Air Force veteran who decided to see how much his watch was worth. While stationed in Thailand in 1974, he ordered a watch through the base exchange. At the time, he thought that the watch, which was made for scuba diving, seemed to be a lot of money, because he only made between \$300 - \$400 per month, and it was priced at \$345.97. After receiving the watch in the mail, and

after years of not wearing it and keeping it in the original box, the man decided to appear on PBS's "Antique Roadshow" in January of this year. He wanted to see how much his watch might be worth. And so, after the appraiser looked at the "Rolex" watch with its receipt, the man was told that his investment of \$345.97, was guaranteed to become \$500 - \$700 thousand dollars at auction. The man was so overwhelmed with joy, that he fell to the ground.

In our first parable, the parable of the hidden treasure, Jesus shares that the Kingdom of Heaven is like a man who finds hidden treasure in a field. The man then covers it up and, in his joy, goes and sells all that he has in order to buy the field and possess it. And in the second parable, Jesus shares that the Kingdom of Heaven is like a merchant who is looking for pearls. And when he finds a pearl of great value, he then went and sold all that he had and bought it.

In both of these parables, we come to understand that the joy and the value of the Kingdom of Heaven is worth more than all that we have. And still today, many do not have the same kind of joy or place the same value on the Kingdom of Heaven as that of a "Rolex watch" from 1974. We've only been given a glimpse of the Kingdom and while we might say that our family and friends are priceless, many of us still

aren't motivated to give everything we have in order to possess it.

Thanks be to God that not only does Jesus share with us what the Kingdom of Heaven is like, but also helps us to understand its value. And even though we don't give everything we have so that we might possess it, He does for us. Giving all that He has, He willingly gave His very life for us on the cross so that having been raised from the dead, we might receive something far more valuable than anything this world has to offer. Not only does He offer forgiveness for all our selfish sins, but also forgiveness for all the times in our lives when we have been apathetic toward His Word and His Kingdom.

He alone makes it possible for us to be restored once again so that it might be possible one day for us to enjoy the fullness of the Kingdom of Heaven. It's by means of His grace, that we're baptized by faith, in which we receive His Spirit. And it is His Spirit, who encourages us to read His Word, remember our baptism and repent of our sins so that we might greatly value His Kingdom and joyously look forward to its coming.

You know, there is one more parable in our Gospel reading for today. That of the parable of the net in which Jesus shares that the Kingdom of Heaven is like a fishing net thrown into the sea and gathers all kinds of

fish. It is when the Kingdom will come with its final judgment at the end of this age. Either knowingly and/or unknowing we pray for this every time we say the words, "Come Lord Jesus."

It will be a time when the angels come and separate the evil from the righteous. A time when those who are found to be good will be saved, and will live in God's presence, experiencing the comfort, security, and the fullness of joy, that comes with His Kingdom. When that time comes, may each one of us, be found among the good ones, our sins forgiven, going about the work of His Kingdom here on earth, sharing the Good News with those around us, as we wait with eager expectation to experience the fullness of His Kingdom in Heaven.

In Jesus' name. Amen.

After receiving the watch in the mail, and

after years of not wearing it and keeping it in the original box, the man decided to appear on PBS's "Antique Roadshow" in January of this year. He wanted to see how much his watch might be worth. And so, after the appraiser looked at the "Rolex" watch with its receipt, the man was told that his investment of \$345.97, was guaranteed to become \$500 - \$700 thousand dollars at auction. The man was so overwhelmed with joy, that he fell to the ground.

In our first parable, the parable of the hidden treasure, Jesus shares that the Kingdom of Heaven is like a man who finds hidden treasure in a field. The man then covers it up and, in his joy, goes and sells all that he has in order to buy the field and possess it. And in the second parable, Jesus shares that the Kingdom of Heaven is like a merchant who is looking for pearls. And when he finds a pearl of great value, he then went and sold all that he had and bought it.

In both of these parables, we come to understand that the joy and the value of the Kingdom of Heaven is worth more than all that we have. And still today, many do not have the same kind of joy or place the same value on the Kingdom of Heaven as that of a "Rolex watch" from 1974. We've only been given a glimpse of the Kingdom and while we might say that our family and friends are priceless, many of us still

aren't motivated to give everything we have in order to possess it.

Thanks be to God that not only does Jesus share with us what the Kingdom of Heaven is like, but also helps us to understand its value. And even though we don't give everything we have so that we might possess it, He does for us. Giving all that He has, He willingly gave His very life for us on the cross so that having been raised from the dead, we might receive something far more valuable than anything this world has to offer. Not only does He offer forgiveness for all our selfish sins, but also forgiveness for all the times in our lives when we have been apathetic toward His Word and His Kingdom.

He alone makes it possible for us to be restored once again so that it might be possible one day for us to enjoy the fullness of the Kingdom of Heaven. It's by means of His grace, that we're baptized by faith, in which we receive His Spirit. And it is His Spirit, who encourages us to read His Word, remember our baptism and repent of our sins so that we might greatly value His Kingdom and joyously look forward to its coming.

You know, there is one more parable in our Gospel reading for today. That of the parable of the net in which Jesus shares that the Kingdom of Heaven is like a fishing net thrown into the sea and gathers all kinds of

fish. It is when the Kingdom will come with its final judgment at the end of this age. Either knowingly and/or unknowing we pray for this every time we say the words, "Come Lord Jesus."

It will be a time when the angels come and separate the evil from the righteous. A time when those who are found to be good will be saved, and will live in God's presence, experiencing the comfort, security, and the fullness of joy, that comes with His Kingdom. When that time comes, may each one of us, be found among the good ones, our sins forgiven, going about the work of His Kingdom here on earth, sharing the Good News with those around us, as we wait with eager expectation to experience the fullness of His Kingdom in Heaven.

In Jesus' name. Amen.

Grace, mercy, and peace to you from God our Father and the Lord and Savior, Jesus Christ. Amen.

This morning, we are taking another look at some of the parables found in Matthew chapter 13. These are Kingdom parables only found in Matthew's Gospel. They record for us three parables that were shared by Jesus to His disciples, concerning the value of the Kingdom that He was bringing about. Which makes you wonder if the disciples really understood the value of the Kingdom of God. Most likely, many people at that time, just like in our world today, placed value on things like comfort, security, and wealth. And they might've invested and saved for a long time, with the hopes that their savings and investments might provide for them in the end.

Take for instance the retired Air Force veteran who decided to see how much his watch was worth. While stationed in Thailand in 1974, he ordered a watch through the base exchange. At the time, he thought that the watch, which was made for scuba diving, seemed to be a lot of money, because he only made between \$300 - \$400 per month, and it was priced at \$345.97. After receiving the watch in the mail, and

after years of not wearing it and keeping it in the original box, the man decided to appear on PBS's "Antique Roadshow" in January of this year. He wanted to see how much his watch might be worth.
